Dear Mr. Corps

Please do not relax the  
broadcast ownership rules that  
protect American Citizens from  
media monopolies.

I believe this would limit the  
ability of American Citizens to  
hear more than one point of  
view so needed to protect a  
free society.

Thank You

Dear Commissioner Copps:

Please do not relax the broadcast rules that protect me and others from a monopoly in the media. I now pay additional fees to receive news that is not available in the basic rate of my cable network, because I do not live in a large metropolitan area.

The proposal to allow those with lots of money to control the radio and television news in any or all areas across our nation is not the "American Way" of free speech. We need to be able to hear more than one viewpoint so that we can make an informed decision. I now have friends who want to visit me because of stations that I have that are not available to them because they have another provider of their cable.

I urge you to continue to support the broadcast ownership protection that we now have to ensures a healthy debate in the United States of America.

Yours truly,

Dear Mr. Martin:

As a citizen of the Greatest Nation in the world I am deeply concerned about the proposed changes to the rules of ownership.

Even now some Media slant their "news" reporting to present their point of view. If these people are allowed to own all the Radio, TV, and Newspaper media in an area or community, that is the only view the public will receive.

The prime example which comes to mind is the CBS 60 minutes report on how Alar was poisoning the food supply. After it was proven scientifically that this was untrue, CBS never acknowledged that their report was erroneous.

Please in the interest of the public right to differing points of view, do not allow this media monopoly to happen.

We now have laws on "Truth in Lending" and "Truth in Advertising", perhaps we need a set of "Truth in Reporting" rules.

It is within your power to provide the American Public with this right.

Thank you for your consideration and service in this area.

I hope that you will not relax the broadcast ownership rules that protect us from media monopolies.

The proposed rule changes would allow media conglomerates to take near-total of the dissemination of radio and television news nearly everywhere in the United States. Many of the companies now lobbying you to relax the present broadcast ownership rules have proven by their past performance that they will attempt to keep viewpoints that oppose theirs off the air.

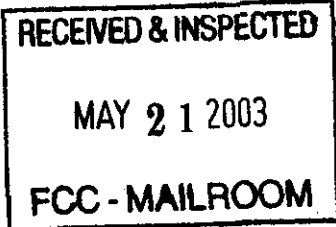

To preserve our freedom we Americans must hear more than a single point of view on important issues. Therefore I urge you to continue the broadcast ownership protections that have so far helped to ensure a healthy political debate in our country.
